

Djanggo, Course App

django®

- OK, help me I need some ideas!
- Not bullshit like library system, movie database and others...

N

**CANOELED**

# Django, Course App

- OK, help me I need some ideas!
- Not bullshit like library system, movie database and others...

**CANCELLED**

# Django, Course App,

- Start a new project called "<project>"
- Start a new app called "<project>\_website"
- Run your app and access it in a browser.
