

Django, #3 templates, tags and filters

- You're going to have to learn a bunch of tags and filters.
- Don't worry - they're easy.
- See <https://docs.djangoproject.com/en/4.0/ref/templates/builtins/>

Django, #4 models

django®

- This is a database backed web app, right?
- We need to Create/Read/Update/Delete data from a relational database.
